FIRST NAME	LAST NAME	AFFILIATION	CITY PLANNING COMMITTEE	SUMMARY COMMENT ON DRAFT REPORT
Gary	Allen	Connolly	Transportation, Habitat/Open Space	I appreciate the tremendous amount of work it must have taken for you to get up to speed on these issues. You really have a knack for assimilating information quickly.
Terri	Bath	Eagle Chamber of Commerce	Activity Center	
Charlie	Baun	Environmental Conservation Services, Inc.	Habitat/Open Space	
Wendel	Bigham	Meridian School District	Facilities	
Bill	Brownlee	M3		
John	Bruna		Habitat/Open Space	I will say that I think you did a very good job in describing the present conditions, the comprehensive planning process by both Ada County and the City of Eagle, the potential economic impacts and how the proposed development will impact the existing infrastructure and needs that will be required to support the proposed developments. The Brief flows very well--I was able to follow it easily and it addresses everything I could think of as the reader--nice job.
JoAnn	Butler	M3/SpinkButler		Please know that we believe your charge to pull together a short document covering what has been for us, now, years of very detailed work on the M3 Eagle Sub-Area Plan, may have been impossible.
Phil	Choate	ITD		I found the conclusions to fairly represent what I understood about this plan. I thought you did well, hence no comment.
Linda	Clark	Meridian School District		You did an amazing job synthesizing this. Many thanks.
Chris	Colson	TetraTech	Habitat/Open Space, Foothills Landscape/Design Review	I'll be frank. The main source of my procrastination was the belief that it would take me hours to review and comment on the brief. However, I feel that you've completed an excellent summary of the main issues. As a result, I have very few comments.
Chris	Danley	ACHD	Transportation	
Steve	Deckers		Transportation Committee	I've read through your draft report, and I must say it is an excellent piece of work. I believe you have fairly reported aspects from all sides of the issue.
Lori	Den Hartog	ACHD		
Dan	Friend	Eagle Fire District	Facilities, Foothills Landscape/Design Review	
Bruce	Gestrin	Meridian School District		
Jay	Gibbons	Ada County P&Z		
Bob	Harmon	Harmon Travel	Transportation	Looks accurate to me.
Ken	Harward	Association of Idaho Cities		
Guy	Hendricksen		Habitat/Open Space	First, I think you have a reasonable summary of the many perspectives surrounding development in the foothills.
Kavi	Koleini	URS Corp	Habitat/Open Space	I found the Brief informative and accurate.

Joan	Langdon	Farmers' Union Ditch Company		Your overview of the entire situation is awesome! You have a true gift for summarizing and phrasing. I threw away my old notes as your fairness is unsurpassed.
Kurt	McClenny	Eagle Fire District	Foothills Landscape/Design Review	
Lynn	Moser	Eagle Sewer District	Facilities	
Dennis	Owsley	IDWR		
Heidi	Patterson	Alpine Creek LLC	Activity Center, Habitat/Open Space, Foothills Landscape/Design Review	I think you did a pretty decent job of it, to be honest.
Kathy	Pennisi	NACFA		
Christian	Petrich	SunCor/SPF	Facilities	It represents a thorough synopsis of complex issues facing the Eagle community.
John	Petrovsky	NACFA	Transportation	
Don	Reading	Independent consulting economist for Eagle		
Dan	Richter	SunCor		The draft is far too comprehensive. Certainly, it is a thorough analysis, but it is written at an academic level that will be difficult to read and comprehend. Too long. Too complex. I believe overall you have captured an accurate assessment of the issues but I am somewhat skeptical as to the accuracy of the polling results given the complexity.
John	Ringert	Kittelson, Transportation Committee		I thought your brief was generally a good summary of the history of the foothills planning efforts. It is relatively difficult to absorb the report, but the history and issues are complex so I don't have any good suggestions for you.
Anne	Ritter	Meridian School District	Facilities	
Gerry	Robbins	M3, Activity Center Committee	Activity Center, Transportation, Habitat/Open Space	
Larry	Sandusky	NACFA		Your paper is very well researched, and the presentation is quite balanced. You have a very effective, conversational presentation style that contributes to the length of the paper.
Lynne	Sedlacek	Eagle Sewer District		I think you fairly represented many sides of the issue.
Bruce	Smith	MSBT Law		
Gary	Spackman	IDWR		
Ed	Squires	M3/Hydrologic	Facilities	
Sue	Sullivan	ITD	Transportation
